INSERT new Finding of Fact as follows and renumber accordingly:

"On April 14, 2009, Applicants filed a Response to Staff Report, stating that it will not be possible to file two comparative years endings March 31, as Staff recommends because there are no records prior to Applicants' acquisition of the former McLain Water Systems. Applicants state further that the problem would exist even if a December 31, 2008 test year was utilized and no extension of time granted. Applicants request that Staff's recommendation be modified to require the use of one comparative year ending March 31."

Page 3 line 16:

INSERT after "are reasonable." "Staff's recommendation does not preclude Applicants from filing rate applications utilizing only one complete comparative year if that is all that is available."

DELETE "all comparative years' information"

INSERT "any complete comparative year"
